WORK EXPERIENCE

CNA Insurance

Technology Lead, Procurement Systems

March 2024 – Present

- Directed the global rollout of the Source-to-Pay system lifecycle, standardizing procurement processes across multiple regions and driving significant operational efficiencies.
- Implemented a Third-Party Risk Assessment Tool, completely integrating CNA's Spend Management tools across 5 applications.
- Enabled CI/CD for Source-to-Pay, championed a Source-to-Pay Agile Product Team, set the team's strategy and budget.

Deloitte

Senior Consultant

June 2022 – February 2024

- Established as a subject matter expert covering underwriting, claims accounting, and statutory reporting for all Workday Finance projects in the insurance industry.
- Collaborated with the CIO to develop an enterprise technology roadmap, accelerating M&A integrations and achieving an OKR of increasing gross premiums by 15-25% YoY.
- Assisted the CFO of a Top 3 P&C insurer in migrating ledger and FP&A systems to a cloud-based ERP.

Consultant

December 2019 – May 2022

- Implemented an advanced accounting rules engine application for a \$30B premium insurer, optimizing operational finance transactions and enabling precise cost accounting.
- Codified a multi-factor bonus scheme for financial institutions, blending disparate datasets to determine annual bonuses for 25,000 employees.

United States Air Force

Airfield Operations Manager

December 2015 – November 2019

- Successfully managed multiple concurrent multi-million dollar technology and construction projects, all delivered on time and within budget.
- Mentored and led teams of 15+ members on project and professional development, resulting in personal and unit awards.

Foreign Military Advisor

April 2014 – November 2015

- Developed strategic relationships with senior military officials to enhance US political-military relations across the continent of Africa.
- Established leading practices and tactical strategies with foreign militaries, facilitating the augmentation of US strategic objectives.

Contingency Response Team Lead

July 2009 – March 2014

- Orchestrated operational support/services within 8 hours for President Obama during Nelson Mandela's funeral, also led evacuation operations during the 2011 Fukushima nuclear disaster/Tōhoku tsunami.
- Led tactical, cross-functional teams in assessing the operational capacity and capability of airports globally to support strategic military transportation plans.

EDUCATION

Master of Science in Finance

University of Illinois – Chicago

Bachelor of Science in Management Information Systems

University of Illinois – Springfield
